"Aussie" & New Zealand! Feb. 14- Mar. 2, 2019

Join your friends with MET Tours as we visit the "Land down under" on this spectacular Cruise-Tour. What better way to discover the beauty and fun of exciting Australia and exotic New Zealand than on your own "floating five star hotel" the new MAJESTIC Princess. One of newest ships in the renown Princess fleet the MAJESTIC Princess is a popular mid-sized ship carrying half the number of passengers found on those mega cruise ships. Another important point is that all of your meals and entertainment are included while you are cruising, a great value when you look at the cost of fine dining in different countries.

After much research and planning an outbound stop in Hawaii was dropped in favor of a 2- night pre-cruise land vacation in Sydney. By the time you fly to Hawaii, spend a night and then continue on to Sydney the next day and board the ship you would be more exhausted then if we just fly to Sydney, unpack and relax for 2 nights. Plus the city and sights are incredible!

Dunedin, New Zealand – Experience the Scottish heritage of this port and beachfront communities. Dunedin is considered by many to be the best-preserved Victorian city in the world. Take an optional tour of New Zealand's only castle. Built by W.J.N. Larnach, the Neo-Gothic castle took 15 years to complete. It boasts English tile, Venetian glass and exotic hardwoods from around the world. W.J.N. Larnach built his castle on the crown of a wooded hill overlooking Otago Harbour, for his first wife, a French heiress.

Designed in Scotland, the neo-Gothic castle required three years to build and another twelve to complete. The castle boasts English tile work, Italian marble, Venetian glass and exotic hardwoods from around the world. The 40,000 square-foot house required 46 servants; the 3,000 square-foot ballroom was a 21st birthday present to Larnach's daughter. The whole town is like a trip back in time!

Akaroa, New Zealand

On the eastern shores of New Zealand's South Island, Akaroa is a popular tourist destination with a distinctly French flair, its history steeped in legend. It lies on the volcanic Banks Peninsula, which the Maori believe was formed when a hero named Maui piled mountains upon a giant who threatened to eat his children.

The same peninsula was purchased from the local Maori by a French whaler around 1838, and was later settled by both the French and the British, who had just signed the Treaty of Waitangi ensuring New Zealand's existence as a British colony.

With French-named streets leading to restaurants serving French cuisine and colonial architecture all around, Akaroa's heritage as the only French-founded community in New Zealand is unmistakable. Akaroa harbour is home to a diverse array of marine life, including rare Hector's dolphins, and visitors are lured by the area's secluded beaches and quaint boutiques.

Tauranga, New Zealand. In the 18th century when Captain James Cook arrived at the entrance to this beautiful natural harbour, he named it the "Bay of Plenty." Tauranga is a thriving commercial center with a passion for good food, wine and stylish shopping. The

coastal Bay of Plenty, one of the country's top holiday destinations for Kiwis, offers a great mix of experiences. The volcanic ash that covers much of the region creates good soil, so it's no surprise the region is known for its "fruit bowl" qualities. Its year round mild climate grows the namesake kiwifruit. This area is like Hawaii with a much lower cost of living. What a great final day Down Under!
